JetUP

YOUR CLEAR ENTRY INTO THE FINANCIAL MARKETS.

STRUCTURE • TRANSPARENCY • CONTROL

RISK WARNING

Trading CFDs and currency instruments (FX) carries a high level of risk and may result in partial or total loss of invested capital. Past results do not guarantee future ones.

Before trading, carefully assess your investment objectives, level of experience, financial situation and acceptable level of risk.

You may lose part or all of your invested funds. Do not use money you cannot afford to lose.

Make sure you fully understand the risks of trading on the financial markets, including Forex, and consider seeking independent financial advice if needed.

Sounds good. Again.

We don't ask you to believe.
We give you the option to verify.

MARKET DILEMMA

Three paths. Three disappointments.

BANK

safe

but: zero growth, inflation loss

HYPE PROJECT

high returns promised

but: gone tomorrow, no exit

CLASSIC BROKER

flexible

but: alone, no system, no result

STATUS QUO

Two out of three — that's been the maximum so far.

THE PROMISE

LICENSED MARKETS. AUTOMATED STRATEGIES. REGULATED BROKER. ONE ACCOUNT.

ONE SENTENCE · ONE SYSTEM

TURNING POINT

What if verifying before entering were possible?

- What if every transaction were publicly visible — before you even joined?
- What if you could exit anytime — with no penalty?
- What if the returns were independently verified — no PDF, no screenshot?

WHY JETUP

JetUP is not a product. JetUP is a filter.

JetUP does not trade. JetUP does not hold capital.
JetUP checks, verifies and gives you access to regulated partners.

- Your capital stays with the licensed broker — not with JetUP
- The strategy is tracked publicly — not managed internally
- The result is verifiable — not promised

STRUCTURE. • TRANSPARENCY. • CONTROL.

WHY JETUP

Three parameters. No compromise.

01 SAFETY

Regulated: FSC Mauritius + FSCA South Africa

Broker insolvency cover: up to $1M in total (aggregate, not per client). Trading losses are not covered.

02 LIQUIDITY

Stop, pause, withdraw — from day one. Anytime.

03 RETURNS

Public data on Myfxbook.

Independently verified. No promises.

GOLDEN RULE

Your capital sits in your name. Always.

JetUP provides access. The broker holds the capital.

- Every account is registered in the client's name
- Direct access to the trading account — anytime
- Start, pause, stop the strategy — your call
- JetUP doesn't manage client funds. No exceptions.

LICENSED PARTNER

JETUP IS YOUR BRIDGE TO TAG MARKETS.

TAG Markets is the licensed broker in the background. JetUP is the infrastructure that takes you there — with story, tools and partner program. Your money does not sit with JetUP; it sits in your own account at TAG Markets.

WHY TRANSPARENCY MATTERS

You don't have to believe. You can verify.

Myfxbook shows:

01 Every trade: entry, exit, result

02 Every deposit and withdrawal

03 Real history — no screenshot, no PDF

04 Drawdown history in real time

05 Independent verification — not a self-report

That's the difference between a promise and a product.
