Before you start trading, Tag Markets would like to remind you of the following:
1. This platform is not intended for residents of the European Union.
2. You may have fewer safeguards and consumer protection mechanisms compared to those provided by a local provider.
3. Trading Forex and CFDs carries a high risk of loss and may not be suitable for all investors. You should assess your investment goals, trading experience, and risk tolerance carefully before proceeding. 80% of retail investor accounts lose money when trading CFDs.
I am fully aware of the risks. Do not remind me again. *
